

# Kerbside Transition Plan Survey Results

As part of the State Government's *Recycling Victoria 2020* policy, council is required to develop a kerbside waste and recycling transition plan, for the implementation of a four-stream household collection.

City of Ballarat asked our community to help us shape the future of our kerbside waste and recycling collections by completing a survey.

This document provides an overview of the responses we received.

## What's next?

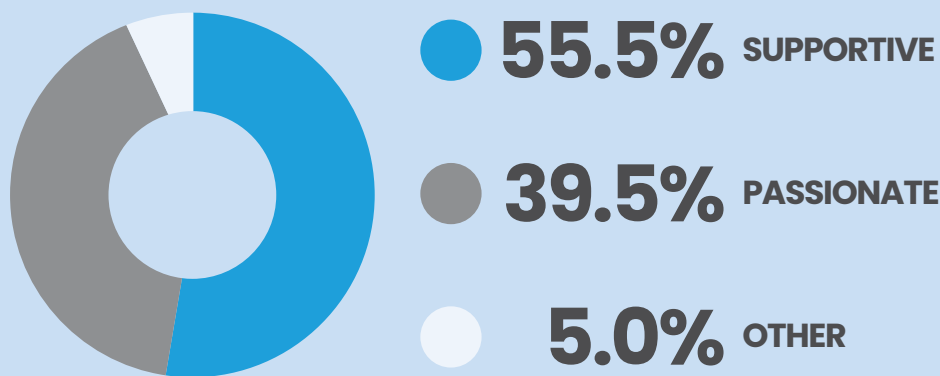

The draft kerbside transition plan is being created and will present several scenarios, providing details about service frequency, costs, landfill diversion and avoided greenhouse gas emissions.

The draft plan will be presented to Council seeking endorsement for public exhibition in early 2023. If endorsed, the draft plan will then go out for additional community consultation before the final Kerbside Transition Plan is presented to Council.

# 2176 Ballarat residents shared their thoughts on waste collection

95% OF RESPONDENTS ARE PASSIONATE OR SUPPORTIVE OF RECYCLING AND THE ENVIRONMENT

## AGE GROUPS

12-17	0.2%
18-24	6.4%
25-34	26.2%
35-49	29.4%
50-59	13.8%
60-69	14.0%
70-84	9.5%
85+	0.5%

## GENDER

FEMALE  
67.6%

MALE  
28.1%

NON-BINARY  
1.2%

SELF DESCRIBED  
0.3%

## HOUSEHOLD TYPES

## Priorities for Council to consider

## What did we learn?

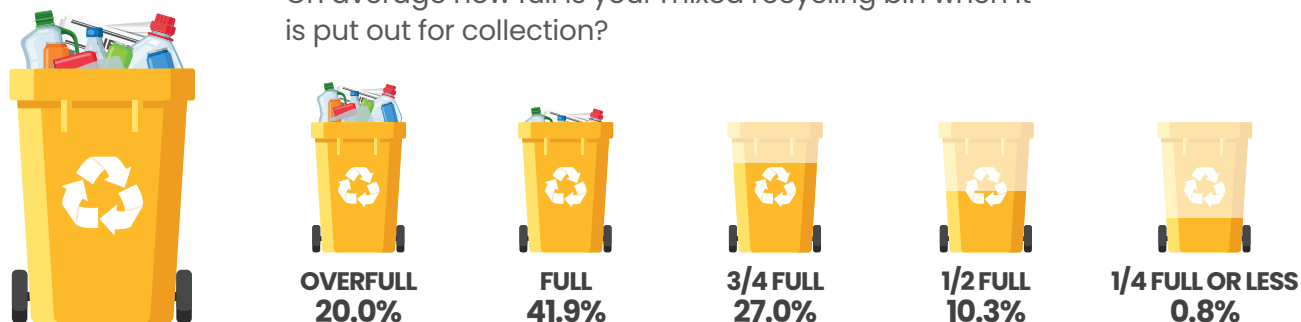

### HOUSEHOLD WASTE

On average how full is your kerbside household waste bin when it is put out for collection?

### MIXED RECYCLING

On average how full is your mixed recycling bin when it is put out for collection?

## What did we learn?

### FOGO (FOOD ORGANICS/GARDEN ORGANICS)

**85.7%**

Currently receive a kerbside garden organics service

**77.1%**

Are likely to use the FOGO kerbside service

**42.5%**

Do not currently recycle their own food organic waste at home

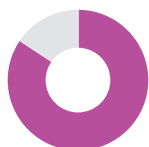

**19.2%**

Recycle all food organics at home

### GLASS

**83.9%**

Would prefer a new kerbside bin for glass

**61.6%**

Often or sometimes use the Pass on Glass skip bins

## How did we reach the community?
