

WENDOUREE RAILWAY STATION PRECINCT MASTER PLAN

**DRAFT MASTER PLAN
RELEASED!**

HAVE YOUR SAY

In February 2018 the City of Ballarat commenced community consultation on the future of the Wendouree Railway Station Precinct, as part of the development of a master plan for the area. Based on your feedback, the City of Ballarat has now released the Draft Master Plan for your comment. The Draft Master Plan creates a vision for the renewal and revitalisation of the Precinct that not only meets the current and long-term needs of rail and public transport users, but also creates an attractive destination for locals and visitors alike.

Drop-in session...

Join in the conversation at the community drop-in session on **19th of March 2019 3.30 – 7.30pm at level 1 303 Gillies Street North, Wendouree.**

Have your say online...

To view the Draft Master Plan, previous community consultation and to provide feedback go to **mysay.ballarat.vic.gov.au** to complete the survey until 5th April 2019. Alternatively, you can view a hard copy of the plan at City of Ballarat Phoenix building 25 Armstrong Street South, Ballarat.

As Ballarat continues to expand to the west, the City of Ballarat is looking ahead long-term as Wendouree Station becomes closer to the geographical centre of Ballarat. Work on the Ballarat Line Upgrade is well under way including a second track, additional platform and pedestrian overpass at Wendouree station which is being delivered by Rail Projects Victoria (RPV). This is a great opportunity to take advantage of the big changes already happening to create a precinct that is much more than a transport hub.

The master plan creates a vision for the future renewal and revitalisation of the Wendouree Railway Station Precinct and provides guidance on the delivery of a number of projects currently underway or in the planning phase (see over page).

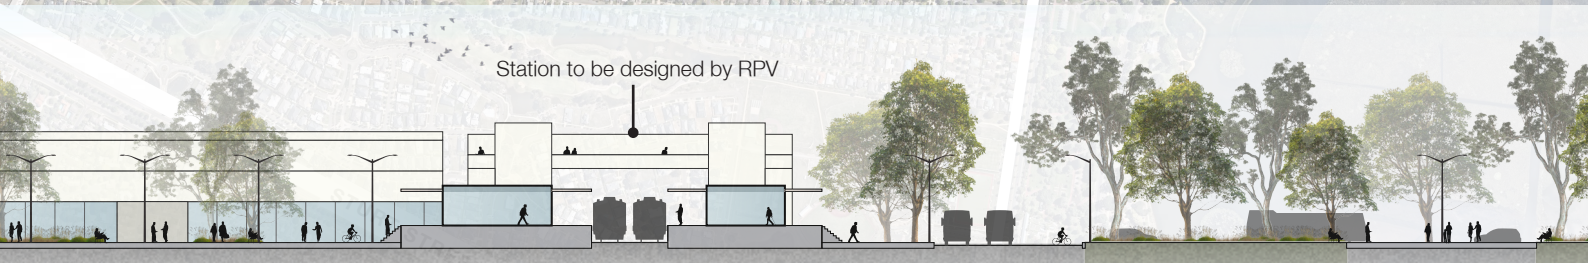

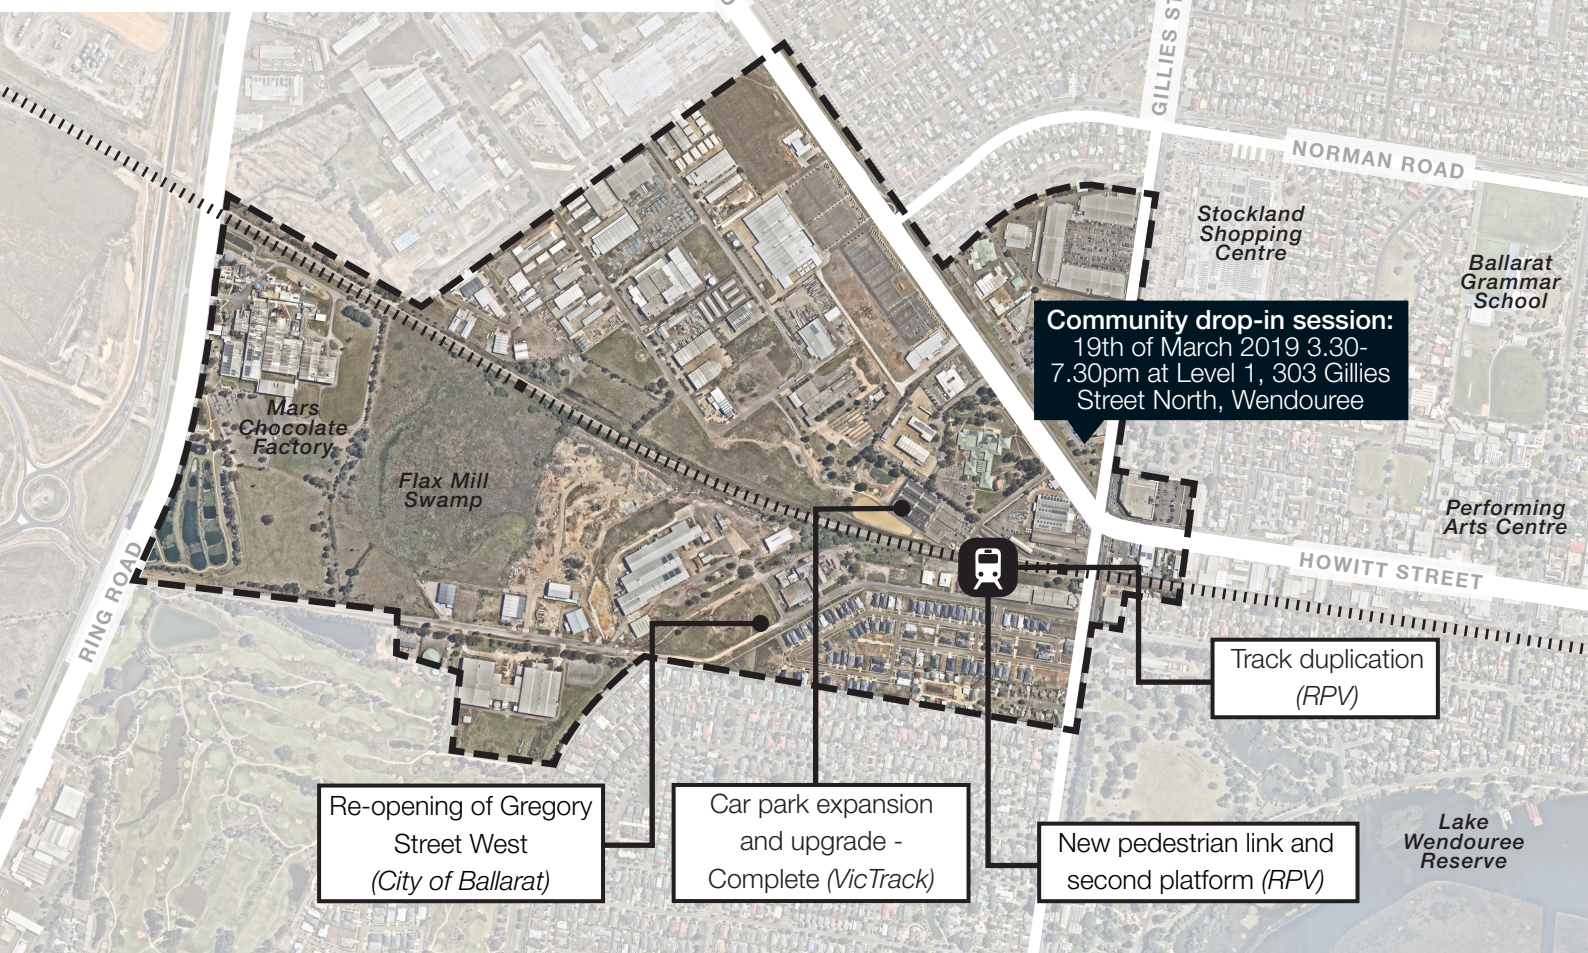

The Draft Master Plan seeks to:

- *Improve the function, useability and appearance of the precinct*
- *Improve access and movement to the station, including a new forecourt*
- *Provide for an increasing number of people using the station and surrounding precinct*
- *Identify development opportunities for revitalisation, including underutilised railway land*
- *Introduce new retail and residential options.*

For more information go to **mysay.ballarat.vic.gov.au** or contact the City of Ballarat Strategic Planning department on **5320 7420** or **strategicplanning@ballarat.vic.gov.au**

WENDOUREE RAILWAY STATION PRECINCT

WHAT'S HAPPENING IN THE PRECINCT...

A City of Ballarat Project co-funded with Transport for Victoria. Working in collaboration with Rail Projects Victoria (RPV), VicRoads, Public Transport Victoria, and VicTrack to ensure the projects and revitalisation of Wendouree Railway Station Precinct delivers benefits for the community. RPV is delivering the Ballarat Line Upgrade on behalf of the Victorian Government. To find out more about the Ballarat Line Upgrade, including upgrades at Wendouree Station, go to regionalrailrevival.vic.gov.au/ballarat
