

**BALLARAT
HERITAGE+DESIGN**
Excellence Awards

2019 FINALIST

Nominee:

Dr David Waldron

Category: **Communicating, Promoting
and Celebrating Heritage**

Project: **The Old Ballarat Gaol**

The Old Ballarat Gaol Project has proved the power of combining traditional research and cutting edge technology to bring to light previously unknown historical evidence of the site, the building and its many intriguing stories. New audiences have discovered otherwise inaccessible parts of the site using virtual reality and the wider community has been drawn in to share their knowledge to help build a more thorough historical picture.
